WORKSHOPS:

Each workshop links a characteristic of God to a key topic for teens.

1. **GOD'S DESIGN** – God's design isn't flawed or outdated. Learn how to speak into the confusion in a loving way that points to God's goodness and kindness. (Genesis 1-2)
2. **GOD'S PLAN** – People face many difficult and painful things in life. Learn how to recognize God's trustworthy plan so that you can be best positioned to reach others in the midst of difficulty situations. (Romans 8:28-30)
3. **GOD'S PURPOSE** – Christ works through His body, the church. God says each part is needed for growth and maturity. Learn how to give of yourself to help the whole church grow. (I Thessalonians 1:6-10, I Timothy 4:12, Titus 2:6-8)
4. **GOD'S LOVE** – God created us with a need to be in community with other. In trying to make sense of relationships and to find success in relationships, we can follow God's example of showing His love through giving and sacrifice. (Ephesians 5:1-2, Galatians 2:20)
5. **GOD'S JUSTICE** – Many things around us are seemingly going wrong. In order to make sense of it, we look to God's character to understand His justice and mercy. (Psalms 11, 33, 37, 73)
6. **GOD'S INSTRUMENTS** – Our culture is hostile towards the things of God. This workshop will help you see your role in it all and help you understand why you can live courageously in a contentious world. (Romans 12:1-2, Colossians 4:2-6, Ephesians 6:10-20)
