We advise you to contact the IRS or your accountant directly if you have any questions.

Tax Bulletin ST-175 (TB-ST-175) Issue Date: March 26, 2010

Introduction: If you will be making sales in New York State that are subject to sales tax, you must register with the Tax Department and obtain a Certificate of Authority. The Certificate of Authority gives you the right to collect sales tax on your taxable sales and to issue and accept most New York State sales tax exemption certificates.

How often you sell or how much you charge for goods and services does not usually determine whether you need to register for sales tax. For example, if you sell taxable items at a craft fair only once a year, you are required to register, and to collect and remit sales tax, because what you are selling is taxable in New York State. This bulletin explains who is required to register, and what kinds of goods and services are generally subject to tax. Even if you are not required to register with the Tax Department for sales tax purposes, you may be responsible for other taxes or may need other permits or licenses issued by various state agencies. You can find information about other taxes and licenses for your particular type of business by following these links: the Tax Department's Web page [Start or buy a business](#); and the [NYS License Center](#). For information about the sales tax registration process, see Tax Bulletin [How to Register for New York State Sales Tax \(TB-ST-360\)](#).
