

Redeeming the Little Years

— Exodus 2, Acts 7, and Hebrews 11 —

Big Idea: God significantly uses mothers who faithfully serve Him even if they think their service is insignificant.

How can we transform and see the “insignificant” as significant?

1. If we are to faithfully serve our children, we need to see the work as God does.
2. As we strive to faithfully serve our children we must trust God to produce results only he can produce against overwhelming odds.
3. Don't underestimate how your faithful service in the “insignificant” can significantly impact others to faithfulness.

So what...what do I do now?

- We follow the example of Christ to be the mothers we are meant to be.
